How It Works

*“You bring the friends,
we’ll bring the spa!”*

***SParties®** is a service that comes into any location, for any occasion, and completely transforms it into a day spa. “Not just technicians, but transformations,” SParties provides ambiance, décor, linens, robes & slippers, along with attention to detail and personalized pampering, through superior customer service. A SPARTY is an experience like no other...*

Our menu and policies work exactly like catering, but rather than serving food, we are providing spa services.

*For SPartiers who want an entire spa party, we suggest one of the packages within our **Complete SPARTY Setup** option (page 4), which in addition to your services, include all of our amenities and extra bonuses to completely transform your location into a spa and provide your guests with personalized service. SParties offers you several packages to choose from that include these amenities:*

*The **Super or Standard SPARTY Packages for 1-14 guests** (page 5) are just like ordering from a restaurant menu. Each guest selects their own individual package or service, along with all the other amenities and bonuses included. Just like any other delivery service, you must place your order in advance, so we may prepare it for you.*

*For larger groups, we suggest one of our reduced rate **SPARTY Sensation or SPARTY Sampler Packages** (page 5) which works like a catered banquet. SParties sets up stations for all of your guests to receive each of the same services. In order to receive the lower group rates, when making your reservation your contract will hold you responsible for the minimum amount of guests in the package you choose. On the day of your event, SParties will honor the amount of services you purchased, regardless of dropouts or no shows.*

*With the **Complete SPARTY Setup**, SParties will provide you with unlimited management and consulting, from the moment you contract your event, right on through at the SPARTY itself. Our experienced team of professionals will consult with you, in advance, to develop a detailed plan, and guaranteed contract, working with you throughout the entire planning process to transform ANY location, providing everything needed to make it look, feel, smell, and sound like a day spa... therefore, we recommend one of those packages to truly experience a SPARTY; however other options are certainly available:*

*SParties accommodates those who simply want to add spa stations to any event that you are already having by hiring any of our **Technicians by the Hour** (page 6) or selecting some of our **A La Carte Services**. These options do NOT include the **Complete SPARTY Setup**, but rather they are a simplified way to sample just our spa services.*

*For those with more “selective” spa appetites, SParties will also **Customize** any event for both groups and individuals.*

*At any time you can “**Buy Now and SPARTY Later**” by purchasing your packages in advance and selecting the date of your event at a later time, whenever you or your group is ready to schedule your services. For more information on reserving your SPARTY see page 8 and book now - we fill up quickly as **everyone** loves to SPARTY and so will you!*

Important Message to Consumers:

**Manicures & Pedicures are ILLEGAL on a mobile basis.
They can NOT be provided outside of a stationary spa/salon.**

State Health Regulations - In compliance with various state regulations, not all services are available in every location: It is illegal to perform full Manicures/Pedicures (considered cosmetology) and certain facials outside of a stationary salon/spa. In compliance with the state laws (FL, NJ, NY, & PA in particular, in which it IS illegal) and to maintain our high-quality standards, as well as for our customers' safety, SPARTies does NOT perform those particular services. For our customers health, as well as the state licensing requirements, there is never any cutting, trimming or filing of nails during our mani/pedi services. This is simply a “feel good” service. We do not do artificial nails of any kind, wraps, fill-ins, or gels. As a consumer, please be aware that any other mobile operation doing so is performing them ILLEGALLY and has not passed an inspection to come on to YOUR location, and therefore, you are at a greater risk for unsanitary conditions and the spread of infection, including HIV, AIDS and tuberculosis. Although the technicians themselves or their STATIONARY salon may be “licensed,” YOUR location, or the establishment in which the nail services will be given in, must pass an inspection and be a “licensed nail salon/shop” in order to have any nail services done there. Most private homes, hotels, and businesses do not undergo such inspections; and therefore, do not carry such a license. Please note that in addition to charging you for illegal services, they are also subject to large fines and cease and desist actions towards their business and possibly your event. For further verification on these regulations, please contact your state Cosmetology Board or Department of Business and Professional Regulations, or visit our web site to read the official statues and warning messages from the Department of Consumer Affairs. Additionally, Massage therapists must be licensed (FL & NY) or certified (NJ) in the state in which they are providing services and may be verified through the AMTA or local state boards. SPARTies provides massage services in all states in which we operate.

**In addition to spa services,
we now offer:**

**On-Site Bridal/Special Events
Hair and Makeup... Contact us for details!**

Reservation, Payment & Cancellation Policy:

It is recommended to reserve your SPArty a minimum of 6-8 weeks in advance.

Prime bridal and holiday seasons may require additional notice. Additional rush fees may apply.

SPArties is a hospitality service, similar to catering, therefore, packages/services must be purchased in advance. A non-refundable deposit and credit card to keep on record is required to reserve all dates/times, insure any incidentals and outstanding balances, draft your contract, and begin the Complete SPArty Setup planning process, regardless of your final payment method (including cash, check or certified check). ALL balances, in full, are due in advance of your event and are automatically charged to the credit card on record, unless other payment options are agreed upon in writing. Once reserved, SPArties does NOT issue refunds: deposits, services and packages, may not be cancelled, refunded, or downgraded, but they are transferable more than 30 days out, with no penalties. Within 30 days of your event, penalties apply for any changes in dates or services. They may, at any time, be upgraded or additional services may be added. Nothing may be "held" without adhering to the following deposit guidelines for each package or A La Carte option:

- **Buy Now/SPArty Later:** Just like gift certificates, individual packages for any guest may be purchased at any time for all events. It is good to take advantage of this option when we are running sales on our package prices.
- **To only reserve a specific date or time:** If you do not know which packages you want, but you know the date and time of your event, you may reserve it with a \$500 non-refundable deposit, or combined total in package purchases of at least \$500. This deposit will be applied towards your event and any packages that you choose. This holds **only** the date, it does NOT reserve the packages, services or amount of staff required to service your final event. The specific packages that you want must also be reserved/purchased, **in advance**, in order to guarantee those services.
- **Any Complete SPArty Setup Event or Customized SPArty Setup Package on page 5:** There is a \$500 total minimum in packages, including any add-on services, for this event. If the \$500 minimum is not met, your event will be downgraded to simply include the A La Carte Services and the merchandise that you purchased, but not the additional Complete SPArty Setup amenities

A 50% non-refundable deposit (or \$500 for 1-14 guests; whichever is greater) is required to reserve any Complete SPArty Setup package. This deposit will be applied towards your event and any packages that you choose.

For 1-14 guests: All packages/services MUST be purchased in advance in order to ensure the staff availability for your event; those not purchased/reserved in advance will not be guaranteed for the date of the event. A contract will be drafted in one person or organization's name who will serve as the hostess. It is not recommended; however each guest may pay individually, if necessary (Separate checks.)

For more than 15 guests or customized SPArties: You may not downgrade your package; however you may upgrade, if needed. Payment for the minimum is required for whichever package you choose. SPArties will deliver the minimum amount of services and items regardless of your final headcount. Each guest may NOT pay SPArties individually since we will not divide the check with large groups; but rather they will pay their portion directly to the hostess in accordance with whatever payment arrangements they make with the guests.

- **Per Tech & A La Carte Services By the Hour on pages 6 & 7:** All payment is due at the time of your order for the Per Tech & A La Carte Option. This holds JUST a technician for your date and time, and does NOT include an entire spa party or anything in the Complete SPArty Setup. SPArties can NOT guarantee any spa parties or Complete SPArty Setup material if it is not reserved in advance according to the policies for those packages. Any additional consultation, coordination, management and additions made after the initial order, including but not limited to phone calls, e-mails, faxes and administrative coordination, will be billed a consulting fee (in addition to the services being altered/ordered) and will be charged directly to the credit card on record, unless other arrangements are made in writing. If those arrangements are not met, then the credit card on record will be charged by default.
- SPArty deposits, packages and services are non-refundable, but are transferable and may be rescheduled, free of charge, up to 30 days prior to your scheduled event. Within 30 days of your scheduled event, you may reschedule the date or service for a fee dependant on your contracted SPArty.
- While we do our best to accommodate you, SPArties can not guarantee that additional staff or services above and beyond what is required for the package that you have originally reserved, will be available for your event if you do not secure them in advance; including any additions that you may add on your final headcount date.
- SPArties accepts cash, checks, MasterCard, Visa, American Express, Discover and bank debit cards.
- A \$35 fee will be charged for any returned checks and the final outstanding payment will then be charged to the credit card on record.
- Final payment of SPArty packages, a la carte services, or unreturned SPArty items or property becomes the responsibility of the hostess for any guest who does not provide payment or credit card information.
