# How It Works

**SParties® Mobile Spa** is a service that comes into any location venue, for any occasion, and completely transforms it into a day spa. **“Not just technicians, but transformations,”** we provide ambiance, décor, linens, robes & slippers, and goody bags, along with attention to detail and personalized pampering, through superior customer service. A **SPArty** is an experience like no other...

Our menu and policies work exactly like catering, but rather than serving food, we provide spa services... Think of SParties in those terms to guide your way through our menu and make the selection that's best for you.

If you want an event with all of the trimmings, we suggest one of the packages within our **Complete SPArty Setup** options. In addition to your services, it includes all of our amenities to completely transform your location into a day spa and provide your guests with personalized service.

For events with **1 to 11 guests**, choose your **Complete SPArty Setup** package just as you would order from a restaurant menu. Each guest may select their own individual package size to start off with and then they may *optionally* choose whichever additional services they desire to go along with it. Just like any other delivery service, you must place your order in advance, so we may prepare it.

For groups of **12 or more**, your event runs just like a buffet. You must start by choosing the same initial package for your entire group. Then if you desire to add on more services, we set up “stations” for all of your guests to receive each of the **same** services. Choose whichever services you'd like, with as many stations as needed to accommodate your amount of guests.

Just like working with a caterer, you are responsible for payment on the minimum amount of servings you make on your reservation/contract. At your event, we will serve the amount of services you have purchased, regardless of dropouts or no shows — so you have nothing to lose!

With the **Complete SPArty Setup option**, we will provide you with unlimited management and consulting from the moment you contract with us, right on through on-site at the **SPArty** itself. Our experienced team of professionals will consult with you, in advance, to develop a detailed plan, and guaranteed contract, working with you throughout the entire planning process to transform **ANY** location, providing everything needed to make it look, feel, smell, and sound like a day spa... therefore, we recommend one of these packages to truly experience a **SPArty**; however other options are certainly available...

If you simply want individual services, or just want to add spa stations to any event that you are already having, such as a birthday, holiday party, or corporate/promotional gathering, we suggest hiring our **Technicians by the Hour** for some of our **A La Carte Services**. These options **do NOT** include the **Complete SPArty Setup amenities** where we transform your location, but rather, they are a simplified way to sample **JUST** our spa services without the entire setup and are a great way to split the costs and time of our services amongst your guests!

For those with more “selective” spa appetites, we will also **customize** anything for individuals and groups.

At any time you can **“Buy Now and SPArty Later”** by purchasing your packages or services in advance, particularly when they are on sale, and scheduling them at a later time. For more information on reserving your **SPArty** or purchasing any services, see our Policies page and **BOOK NOW...** **everyone** loves to **SPArty** and you will too!

**“Our menu and policies work exactly like catering, but rather than serving food, we provide spa services... Think of SParties in those terms to guide your way through our menu and make the selection that's best for you!”**

**Complete Manicures & Pedicures/Certain Facials are ILLEGAL on a mobile basis.**  
They can NOT be provided outside of a licensed, stationary spa/salon.

**State Health Regulations** - In compliance with various state regulations, not all services are available in every location: It is illegal to perform full Manicures/Pedicures (considered cosmetology) and certain facials outside of a stationary salon/spa. In compliance with the state laws (FL, NJ, NY, & PA in particular, in which it IS illegal) and to maintain our high-quality standards, as well as for our customers' safety, SPArties does NOT perform those particular services. For our customers health, as well as the state licensing requirements, there is never any cutting, trimming or filing of nails during our mani/pedi services. This is simply a "feel good" service. We do not do artificial nails of any kind, wraps, fill-ins, or gels. As a consumer, please be aware that any other mobile operation doing so is performing them ILLEGALLY and has not passed an inspection to come on to YOUR location, and therefore, you are at a greater risk for unsanitary conditions and the spread of infection, including HIV, AIDS and tuberculosis. Although the technicians themselves or their STATIONARY salon may be "licensed," YOUR location, or the establishment in which the nail services will be given in, must pass an inspection and be a "licensed nail salon/shop" in order to have any nail services done there. Most private homes, hotels, and businesses do not undergo such inspections; and therefore, do not carry such a license. Please note that in addition to charging you for illegal services, they are also subject to large fines and cease and desist actions towards their business and possibly your event. For further verification on these regulations, please contact your state Cosmetology Board or Department of Business and Professional Regulations, or visit our web site to read the official statutes and warning messages from the Department of Consumer Affairs. Additionally, Massage therapists must be licensed (FL & NY) or certified (NJ) in the state in which they are providing services and may be verified through the AMTA or local state boards. SPArties provides massage services in all states in which we operate.

\* Please note that all of our services are for the enjoyment of relaxation and celebration. If you have a medical condition or chronic issue that needs attention, it is best to seek medical assistance for treatment in those areas, rather than our services.

# Policies

**SParties Mobile Spa** is a hospitality service, similar to catering, therefore, packages/services must be purchased in advance. A non-refundable deposit and credit card to keep on record is required to reserve all dates/times, insure any incidentals and outstanding balances, draft your contract, and begin the Complete SPArty Setup planning process, regardless of your final payment method (including cash, check or certified check). ALL balances, in full, are due in advance of your event and are automatically charged to the credit card on record, unless other payment options are agreed upon in writing. Once reserved, SPArties does NOT issue refunds: deposits, services and packages, may not be cancelled, refunded, or downgraded, but they are transferable more than 30 days out, with no penalties. Within 30 days of your event, penalties apply for any changes in dates or services. They may, at any time, be upgraded or additional services may be added. Nothing may be "held" without adhering to the following deposit guidelines:

- **Buy Now/SPArty Later:** Just like gift certificates, individual packages for any guest may be purchased at any time for all events. It is good to take advantage of this option when we are running sales on our package prices.
- **To only reserve a specific date or time:** If you do not know which packages you want, but you know the date and time of your event, you may reserve it with a \$300 non-refundable deposit. This deposit will be applied towards your event and any packages that you choose. This holds **only** the date, it does NOT reserve the packages, services or amount of staff required to service your final event. The specific packages that you want must also be reserved/purchased, **in advance of at LEAST 30 days out** from your event in order to guarantee those services. This option is not available for events that are less than 30 days out. Packages and services within 30 days of any event must be selected at the time of your reservation/deposit.
- **Any Complete SPArty Setup Event or Customized SPArty Setup Packages:** There is a \$600 total minimum in packages for this event. If the minimum is not met, your event will be downgraded to simply include the A La Carte Services and the merchandise that you purchased, but not the additional Complete SPArty Setup amenities

**A \$300 or 50% (whichever is greater) non-refundable deposit is required to reserve any Complete SPArty Setup package. This deposit will be applied towards your event and any packages that you choose.** All packages/services MUST be purchased in advance in order to ensure the staff availability for your event; those not purchased/reserved in advance will not be guaranteed for the date of the event.

**For 1-11 guests:** A contract will be drafted in one person or organization's name who will serve as the hostess. Each guest may select different packages, sizes and services from each other as long as the \$600 minimum is met. It is not recommended; however each guest may pay individually, if necessary (Separate checks.)

**For more than 12 guests or customized SPArties:** You MUST select the same package, size, and service(s) for your entire group. A La Carte service stations may be added to your event at their rate. You may not downgrade your package; however you may upgrade, if needed. Payment for the minimum reserved is required for whichever package you choose. SPArties will deliver the minimum amount of services and items regardless of your final headcount. Each guest may NOT pay SPArties individually since we will not divide the check with large groups; but rather they will pay their portion directly to the hostess in accordance with whatever payment arrangements they make with the guests.

- **Per Tech & A La Carte Services By the Hour:** All payment is due at the time of your order for the Per Tech & A La Carte Option. This holds JUST a technician for your date and time, and does NOT include an entire spa party or anything in the Complete SPArty Setup. SPArties can NOT guarantee any spa parties or Complete SPArty Setup material if it is not reserved in advance according to the policies for those packages. Any additional consultation, coordination, management and additions made after the initial order, including but not limited to phone calls, e-mails, faxes and administrative coordination, will be billed a consulting fee (in addition to the services being altered/ordered) and will be charged directly to the credit card on record, unless other arrangements are made in writing. If those arrangements are not met, then the credit card on record will be charged by default.
- SPArty deposits, packages and services are non-refundable, but are transferable and may be rescheduled, free of charge, up to 30 days prior to your scheduled event. Within 30 days of your scheduled event, you may reschedule the date or service for a fee dependant on your contracted SPArty.
- While we do our best to accommodate you, SPArties can not guarantee that additional staff or services above and beyond what is required for the package that you have originally reserved, will be available for your event if you do not secure them in advance; including any additions that you may add on your final headcount date.
- SPArties accepts cash, checks, MasterCard, Visa, American Express, Discover and bank debit cards.
- A \$35 fee will be charged for any returned checks and the final outstanding payment will then be charged to the credit card on record.
- Final payment of SPArty packages, a la carte services, or unreturned SPArty items or property becomes the responsibility of the hostess for any guest who does not provide payment or credit card information.
